**FOR:** Roxborough Metro District

SUBMITTED BY: Dennis Bedford DATE: 8/8/2022

#### **REVIEW OF OPERATIONS:**

## General Updates:

Brightview officially took over Landscape Maintenance 8/1/2022. We are getting up to speed with projects, irrigation, and routine services. Main focus is on getting irrigation up and running and then creating a Gantt chart for services for the remainder the term.

#### Trees:

We noticed one broken tree near Crystal Lake which we removed free of charge. There are several new pines trees planted by Metco on the southside of Crystal Lake that will not make it. Aside from these items we have not noticed any other significant tree issues

#### **Irrigation:**

Since taking over we've had a few major issues that are currently being addressed in order to restore water to the district. Below is a brief list of everything we are working on from an irrigation perspective:

- 1. There are multiple solenoids that are bad that will need to be replaced. Weathertrak let us know.
- 2. Tim called Applied Engineering. They could not help with why the pumps will not go to auto without help from engineers. They gave him a number and he called Jim that did the PCL. Tim needs a call back before can get pumps on. If he leaves them in Manual, they could possibly cause damage to piping systems.
- 3. Tim ordered 3' or 6 million gallons of water. So far, they have delivered 861,000 gallons. Takes 41 hours to put 1 million into the lake. Can't run full on as the golf course needs water too. By Monday they should have approx. 3 million to the pond.
- 4. The pond is so low that the shroud is exposed inside the well which could cause overheating
- 5. Mainline break at W. Village Circle is a street crossing that should be abandoned because they have never watered on that site of the street. There is a leak there and a big hole that is marked taped and coned. We believe it is best to cap it as we would not be using that line.
- 6. Tim talked to Scott B. there was a big leak in Community Park but Scott said it was repaired

- 7. Did trouble shooting on pump system and located leak on VCW and checked for leaks throughout the system because the pump was not coming up to pressure.
- 8. Tim will be back early next week (8/8). For now, there is still no irrigation water for main system. The Two small parks are on.
- 9. We also picked up the flow meter from Metco to install in the fall RVMD has already paid for it.
- 10. Left to do: need to talk to engineering firm. May need Applied Engineering to check pump operation. Need to cap leak at VCW bypass crossing to eliminate leak on both sites of the road. Clocks are not programmed, no station locations, etc. He did find the locations of all clocks by serial number. The Western Clock at the park was on bypass and Tim tuned the bypass off so it could come up to pressure. Will need to program controllers. He does not think the opti-flow with the Weathertrak system is operable.

Projects:

Brightview will be onsite for landscape maintenance on Tuesdays and Wednesdays. We will be site policing and dog station servicing on Tuesdays and Fridays.

We are aware of the native seeding backfill project along the newly developed path. We will work with Ephram on the seed mix.

We will investigate the softball fields to see if we can restore it to a better condition with minimal construction.

Hi Anna.

I am going to attend the meeting on August 16<sup>th</sup> to discuss with the board the below information regarding the fence damage at 8001 Eagleview. Our president of the Board will be out of town that evening, so I will be there as the HOA rep. Can you add the following information and image to their board packet regarding this address as well? There are two fences that are damaged on this property. One from the District's tree, the other from Metco.

During the spring snowstorm, a large cottonwood branch fell on the homeowner's split rail fence at 8001 Eagleview. This cottonwood tree is located on District property along village circle west, west of Eagleview. Metco removed the branches, but the damaged split rail fence was left as is. Is this something maybe Brightview could repair as well? The homeowner has tried to repair it and has not been successful.

Also, since there are several new board members, I would like to request access to the District's banner posts that are south of the Marketplace for the PTO to hang banners advertising our events during the school year. Just want to check in to see if this is okay and if there is any communication that is needed before we hang banners.

I would also like to provide comment about the tennis court signage if possible.

Thank you so much, I appreciate it! Let me know if you have any questions about the above info. Joanna

#### Hi Angela -

Bill never brought this to my (or the Board's) attention and this is really a Metco problem to fix. Unfortunately I don't have any information on this and don't have anyone at Metco to ask at this point.

If the HOA would like the Board to address this I think the best way is to have you or the resident make the request directly to the Board for them to consider. This can be done in person (next meeting is tonight – which is a special meeting at 6:00, or the next regular meeting will be held 8/16 at 6:00 at the library), or via a letter addressed to the Board.

Let me know your thoughts.

Hi Anna,

I am the manager for Roxborough Village First. In June Metco's crew damaged the Association's fence along Village Circle West. I had been speaking to Bill about repairing the fence. He assured me Metco would handle the repair but unfortunately did not follow through on this. As Metco is not longer in business, I am reaching you to you to see how we can get this addressed. I am happy to schedule a contractor to go out and make the repair and send you the invoice. If you prefer to have your contractor make the repair, that is fin as well. Please let me know your preference.

#### **Action Items:**

Approve Chavez proposal – if needed.

## **Environmental Committee Notes**

#### **Greenhouse:**

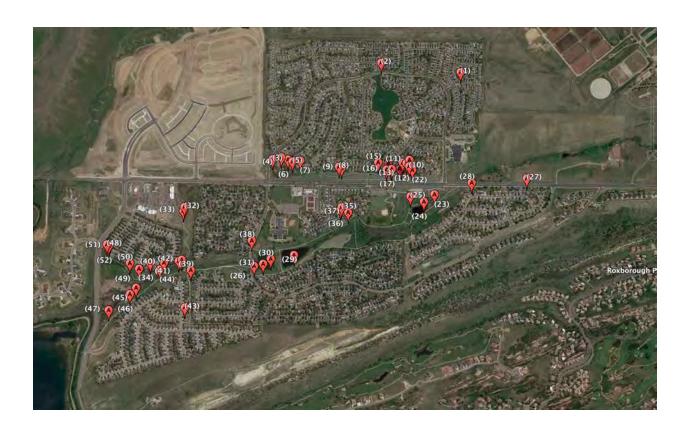

We're coordinating with Chavez and the school district on a schedule for getting the greenhouse foundation installed. We expect this to be done within the next couple weeks.

#### Wildfire Mitigation:

We're obtaining bids for clearing the fence lines with the aim of getting the work done this fall. We're also looking into grant opportunities.

#### **Seed Collection:**

Since the greenhouse likely won't be up and running until late 2022, seed collection will continue to ensure we have fresh seed. We're looking into partnering with the local schools to plant native seeds in classrooms that can be transplanted around the district in the spring. We're also looking adding some wildflower seeds to the grass seed mix Roxborough Water will be using to restore their construction area.

This is difficult as he clearly put work into it, but I always understood that these were proposals for doing the design/build. Do we have any correspondence with him that would indicate firmly he was giving proposals for services versus expecting payment for assembling the proposals?

If nothing more than the various proposals for services, then I would not say the District is obligated to pay him but they could certainly decide to if they wish.

Thank you,

Katie James

Hi Scott,	

I hope you're doing well and staying warm during hopefully our last storm of the season!

As a result of the recent Board elections, the Roxborough Metro District has three new Board members. Unfortunately, at their Board meeting this week, those members (who now hold a majority of the Board) chose to reverse the decision made by the previous board regarding the disc golf course and have decided to not move forward with the course at this time.

I hope this does not cause any inconvenience and please accept my apologies.

**Quorum, Director Qualifications, Disclosure Matters:** A quorum was declared present. No new conflicts were disclosed.

**Agenda:** Ms. Jones reviewed the Agenda with the Board. The Board requested adding "Other" to the agenda.

Following discussion, upon a motion duly made by Director Jensen, seconded by Director Hart and, upon vote, unanimously carried, the Board approved the agenda, as amended to include "Other".

Public Comment and/or Guests: Colleen Itzen (resident) asked if a grader can be taken on the field for softball game prep for the July 31, 2022 reservation date only. Following discussion, upon a motion duly made by Director Brown, seconded by Director Jensen and, upon vote, majority carried, the Board approved the softball league to use its own equipment, only use one vehicle at a time, weather permitting, and sign a waiver that Attorney James or her office will prepare. Director Hart abstained.

The Board discussed a preferred approach to the attorney interviews for District legal counsel and determined the process would be as follows: CLA will let the attorneys know of the process on Friday, July 29, 2022. The Board will send their individual attorney ranking preference by noon on Monday, August 1, 2022 to CLA. CLA will inform the Board of the collective, top four candidates to be interviewed and will inform all candidates whether the Board would like an interview or not. CLA will then schedule 30-minute interviews with the top four firms on August 4, 2022 via Zoom.

# DISCUSS IRRIGATION ISSUES

The Board discussed potential outcomes to replace Metco Landscaping. Landscaping contractors that were discussed were BrightView, Keesen Landscape Management, Inc., Environmental Designs, Inc., and Parkside Landscaping, Inc. Upon a motion duly made by Director Jensen, seconded by Director Brown and, upon vote, unanimously carried, the Board delegated authority to the District Manager to negotiate a contract with a replacement landscaping company to provide the same services as were provided by Metco Landscaping through October 31, 2022 in an amount not to exceed \$50,000.00 upon the advice and consultation with District legal counsel and indicated BrightView is the preferred vendor.

The Board discussed irrigation issues among the District and how to address them with the new landscaper. Once a primary contract is in place for landscaping services, the District Manager is to request a proposal for a GIS map of all sprinkler heads and a proposal to fix the existing mainline break. Ms. Jones will send drafts of those proposals to the Board for review and revisions.

Based on the information available, Metco Landscaping is in material default and following discussion, upon a motion duly made by Director Rubic, seconded by Director Jensen and, upon vote, unanimously carried, the Board deems the Services Agreement terminated, effective immediately, and directed legal counsel to notify Metco Landscaping of the Board's decision immediately.

#### **OTHER BUSINESS**

Director Rubic discussed the invoice from Chavez Services, Inc. and indicated the final bill of \$4890.60 and an additional amount was not included in their original proposal. Mr. Barnett indicated the amounts were not specified at the time the proposal was approved. He noted flagging was required by Douglas County. Following discussion, upon a motion duly made by Director Glass, seconded by Director Brown and, upon vote, unanimously carried, the Board approved the payment of the Chavez Services, Inc. invoice in the amount of \$4,890.60.

# MANAGEMENT AND ACCOUNTING FIRM REPLACEMENT

<u>Payroll and Website:</u> The Board discussed splitting the services. The RFPs are drafted separately. The Board decided to see what response they get and then decide when splitting or combining services seems more effective.

The Board discussed the RFP's drafted by Director Rubic and revised by Attorney James. There are three RFPs — management, accounting, and payroll. Katie will proceed with the redline changes and finalize to send to prospective candidates. The Board discussed the list from SDA for possible contractors. The Board determined to send the RFPs to local contractors (303 or 720 area code) and for CLA to send via email and to copy Director Hart on the emails. The responses will be due August 16, 2022. The Board discussed methodology for selecting candidates for interviews. They will use the ranking discussion and possibly discuss at the August 17, 2022 meeting if responses have been reviewed. Upon a motion made by Director Glass, seconded by Director Jensen and, upon vote, unanimously carried, the RFP's were approved.

Delegate Authority to Obtain Bids for Unfinished Metco Work: Director Glass asked for direction to obtain bids from BrightView Landscape and the Board agreed.

Attorney James has not reviewed it. Upon a motion duly made by Director Glass, seconded by Director Jensen, and upon vote, unanimously carried, the Board approved the RFP, subject to legal approval.

**Graffiti Update:** The graffiti has been removed at the skate park and it looks good.

<u>Landscape/District Issues:</u> Director Rubic noted the trash cans are overflowing and Brightview should address quickly. Director Hart said kids may have vandalized the Community Park port-a-potty.

<u>Action Items for CLA:</u> The Board directed Attorney James to pass on information on action items to CLA.

- 1. Distribute RFPS
- 2. Port-A-Potty at Community Park to be checked
- 3. Find irrigation passcards, keys to pumps/locks, etc., and any other information needed to run the system.
- 4. Provide contact with BrightView for Attorney James to finalize contract.

Other: Attorney James updated the Board on the status of the BrightView contract. Her office is working on revising the Metco contract to the new terms.

Attorney James discussed being available after her resignation in a special counsel role to finish any projects identified to be more efficient to finish than hand off to new counsel and to advise new counsel as needed for efficiency. She will prepare an engagement letter to that effect. The Board agreed that would be helpful.

Resident Shelly Stephens thanked the Board for their effort to keep the District service level at the standard this community expects, especially during the challenging time. She also thanked Attorney James for the same, and for her professionalism and guidance.

#### **ADJOURNMENT**

There being no further business to come before the Board, upon a motion duly made by Director Glass, seconded by Director Jensen and, upon vote, unanimously carried, the Board adjourned the meeting at 8:40 p.m.

# ATTORNEY INTERVIEWS

The Board conducted interviews with attorneys from Lyons Gaddis, Ireland Stapleton, White Bear Ankele Tanaka & Waldron and Collins Cole Flynn Winn & Ulmer, PLLC.

Following discussion, upon a motion duly made by Director Jensen, seconded by Director Glass and, upon vote, majority carried, the Board selected Ireland Stapleton to extend an offer to represent the District as general legal counsel. Director Brown abstained.

#### OTHER BUSINESS

Director Hart updated the Board that he had observed that the 16-B HOA appeared to have completed the concrete work that was discussed at the June meeting, when the property management company requested confirmation that the Board would agree to take over maintenance of the 16-B tracts once they were brought to District standards. Attorney James noted that she had provided history on the 16-B request for a previous meeting even thought it had not been discussed due to full agendas for several meetings. She reminded the Board that it was unclear from the June meeting and past history whether the Board would accept the tracts for maintenance or for ownership, and that confirming no drainage issues/responsibility would be part of any ownership exchange. She will confirm the exact requirements for bringing to District standards with Scott Barnett and also whether any drainage issues were present.

#### **ADJOURNMENT**

There being no further business to come before the Board, upon a motion duly made by Director Jensen, seconded by Director Glass and, upon vote, unanimously carried, the Board adjourned the meeting at 8:50 p.m.

#### ROXBOROUGH VILLAGE METROPOLITAN DISTRICT 2022 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

#### **Services Provided**

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized on July 10, 1985, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's operates under a Service Plan approved by Douglas County on July 24, 1985. The District's service area is located in Douglas County, Colorado. The District was established to provide irrigation, drainage and storm facilities, street improvements, park and recreational facilities.

On September 3, 1985, the District's voters authorized total indebtedness of \$12,000,000 for the above listed facilities and powers. The authorization provided that the bonds would be subject to a maximum net interest rate of 15% per annum. At a special election on December 30, 1992, the District's voters authorized an additional \$14,000,000 at an interest rate not to exceed 10.6% per annum. The authorization provided that the bonds would be subject to a minimum mill levy for property taxes which increases from 16.0 mills in 1993 to 39.5 mills in 2005 through 2042 adjusted for changes in the State mandated assessment procedures and the levy must be sufficient to generate a minimum revenue as stated in the ballot question. On November 2, 2004, the District's voters authorized additional indebtedness in an amount not to exceed \$10,500,000 at an interest rate not to exceed 7% per annum. At December 31, 2020 the District had authorized but unissued indebtedness of \$475,000 for the purpose of debt refunding.

The budget is in accordance with the TABOR Amendment limitations, which were modified by the voters in an election held on November 6, 2001. District voters approved authorization for the District to retain and spend District revenues, from any lawful source, in excess of the spending, revenue raising, or other limitations in Article X, Section 20 of the Colorado constitution. Emergency reserves required under TABOR have been provided.

The District has no employees, and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

#### Revenues

#### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

#### I. SCOPE OF SERVICES:

1.1 Landscape Maintenance: This Agreement provides for the maintenance, care and repair of certain landscaped areas within the District as shown on Exhibit A, and described on Exhibit B, attached hereto and incorporated herein by reference (the "Property"). The maintenance, care and repair services to be provided by the Contractor within the Property are described herein, and in Exhibit C attached hereto and incorporated herein by reference (collectively the "Standard Landscape Services"). Special landscape services ("Special Services") are described in Article IV.

<u>1.2 Services Performed Under Work Orders:</u> The terms of this Agreement shall apply to any services or work performed by the Contractor pursuant to a Work Order approved by the District (the "Work Order").

Standard Landscape Services, Special Services and services performed pursuant to any Work Order may be collectively referred to herein as the Services.

#### II. TERM:

The term of this Agreement shall be from August 1, 2022 to October 31, 2022.

#### III. STANDARD LANDSCAPE SERVICES:

The frequency and/or number of times per year that the Contractor is to provide the Standard Landscape Services are set forth in **Exhibit C**. A map depicting the areas to provide the Standard Landscape Services is described in **Exhibit D** (the "Landscape Maintenance Map"). If the District requests that any landscape services be performed more often than set forth in **Exhibit C**, such service shall be performed pursuant at the rates set forth in **Exhibit E** - Special Services, attached hereto and incorporated herein by reference.

3.1 Irrigated Turf, Non-Irrigated Turf and Native Grass Care. Turf care consists of mowing, irrigation, fertilization and herbicide application to maintain healthy turf at all times.

- a) Mowing of Irrigated Turf Areas. Irrigated turf areas shall be mowed as necessary to maintain a turf height of approximately 2¾ 3¾ inches during the growing season. Mowing equipment and patterns shall be employed to permit recycling of clippings where possible. Excess clippings shall be removed from sidewalks and drives. Blades on all equipment shall be sharp to prevent tearing of the grass blades. Drought conditions may necessitate less frequent mowing.
- b) Mowing of Non-Irrigated Turf and Native Grass Areas. Non-irrigated turf and native grass areas shall be mowed periodically to maintain a height of four inches (4"), similar to beauty bands throughout the District. Non-irrigated turf and native grass areas shall be left to go to seed at least twice during the calendar year, unless otherwise specified by the Board. Only native areas designated in the maintenance plan map will be mowed; not all native areas throughout the District will be mowed. Mowing of the sections hereunder will be billed on a time and materials basis.
- c) <u>Trails Through Non-Irrigated Turf and Native Grass Areas.</u> Non-irrigated turf and native grass areas on either side of trails shall be mowed to a width of four feet (4') at a minimum of one (1) time per month or as required to maintain a height of four inches (4").
- d) <u>Trimming.</u> All irrigated turf areas shall be trimmed after each mowing to provide a well-groomed appearance. This shall include all fence lines and vertical elements.
- e) <u>Edging.</u> During the mowing season, edging shall be performed along all sidewalks, walkways, drainage ways, streets, curbs and planting beds to maintain a well-groomed appearance. Such edging shall be performed at least monthly. Should more frequent edging be required to maintain a well groomed appearance, Contractor shall provide a written proposal for such additional edging to the District Manager.
- f) <u>Fertilization</u>. Irrigated turf areas shall be fertilized with a high quality, well-balanced fertilizer once during the term hereof. Non-Phosphorous fertilizer shall be used. Fertilizer application shall be 1 pound of nitrogen per 1,000 square feet, at least 40% of which shall be slow release nitrogen and shall also contain at least 1% iron. All fertilizer shall be blown from sidewalks to minimize staining.
- g) Aeration. The Contractor shall aerate all irrigated turf areas to open the turf for fertilizer, air and water once during the term hereof. Irrigated turf areas will be watered thoroughly prior to aeration and fertilized immediately thereafter with an appropriate fertilizer. The Contractor shall use only a closed coring tine. Prior to aeration the Contractor shall flag all sprinkler heads and valve boxes to minimize damage. Plugs shall be left on irrigated turf areas to assist in breaking down of thatch. Additionally, the Contractor shall aerate selective areas near the end of the growing season. Selective areas shall include south facing slopes, heavy use areas and areas of unusually tight soil.
- h) <u>Leaf Removal.</u> The Contractor will collect and remove large accumulations of leaves during the month of November or after 90% leaf drop. Timing of collection and

removal shall be weather dependent.

- i) <u>Unusual Conditions.</u> Whenever the Contractor observes any condition which Contractor believes may be detrimental to healthy turf growth, such conditions shall be immediately reported to the District Manager along with a recommendation of corrective action.
- 3.2 Tree and Shrub Care. The Contractor shall familiarize themselves with the numbers, locations and types of trees and shrubs within the District. Tree and shrub care shall maintain and promote healthy growing conditions and shall include pruning and wound repair, fertilization, insect control, disease control, and other maintenance measures as necessary. The maximum overall tree/shrub height for pruning and removal shall be ten (10) feet.
  - a) <u>Pruning Trees.</u> The Contractor will not prune trees unless the Contract is amended to include such work.
  - b) <u>Pruning Shrubs.</u> The objective of shrub pruning is the same as for trees, to promote healthy plants and a pleasing appearance. Shrubs shall not be shaped into a box or ball-like appearance. Shrubs will be thinned as necessary to retain dense foliage, quality flowers, and a healthy natural appearance.
  - c) <u>Pruning of Conifer Trees.</u> Conifer trees shall be thinned and shaped as necessary in accordance with the provisions of Section 3.2 (a).
  - d) <u>Additional Pruning and Removal of Trees or Shrubs.</u> Pruning of trees or shrubs having a height in excess of 10 feet, or removal of any trees or shrubs shall be a Special Service to be approved by the District Manager.
  - e) <u>Dead Plant Materials and Replacement of Plants.</u> All dead plant materials shall be removed and properly disposed off-site within one (1) week of determination of death. Contractor shall immediately provide a quote to the District Manager to replace such plants.
  - f) <u>Wrapping.</u> Trees having equal to or less than 6" caliper shall be wrapped in the fall and unwrapped in the spring, at the direction of the District Manager and billed on a time and materials basis.
- <u>3.3 Mulch and Mulch Beds.</u> Organic mulches, including wood and bark chips shall be utilized in non-turf flower bed areas.
  - a) <u>Protective Rings.</u> All trees and shrub beds shall be protected from maintenance equipment by use of a mulch bed and/or other protection, as approved by the District Manager and billed on a time and materials basis.
  - b) <u>Application.</u> Certified weed-free shredded wood mulch shall be reapplied each season after the first herbicide application. This shall include all tree protection rings, shrub beds, ground covers, annual and perennial beds. This service shall be provided at the

direction of the District Manager and billed on a time and materials basis.

- c) <u>Maintenance</u>. All mulched areas shall be edged or re-edged prior to application of mulch to provide natural containment.
- <u>3.4 Ground Cover and Flower Beds.</u> The appearance and health of ground cover shall be maintained by adhering to the following practices:
  - a) <u>Weed Control.</u> Weeds shall be controlled by use of a pre-emergent herbicide or selective systemic herbicide. The manufacturer and formulation of herbicides will be coordinated with the District before use. Weeds shall be hoed as little as possible to minimize damage to plant root systems.
    - b) Mow Strips. Hand weed and spray Round-up herbicide as needed.
  - c) <u>Flower Care.</u> Pinch back dead blooms as required and hand weed as required to maintain beds in a weed-free condition.
- 3.5 Natural Areas. Non-irrigated natural areas such as Willow Creek and Little Willow Creek shall only be mowed as specified in the maintenance plan map or at the direction of the District Manager. All portions of the natural areas that can be reasonably accessed by equipment shall be mowed. Particular attention shall be paid to controlling vegetation height and weed growth boarding adjacent residential properties.
  - a) <u>Trash/Litter Pick-up.</u> Trash/litter in natural areas shall be picked-up weekly. as set forth in **Exhibit C**. The cost of trash/litter pick up from natural areas shall be billed on a time and materials basis.
  - b) <u>Watering Trees.</u> Trees in non-irrigated natural areas shall only be watered at the direction of the District Manager and billed on a time and materials basis.
- 3.6 Integrated Pest and Weed Management. If requested, the Contractor shall assist the Board of Directors of the District (the "Board") to develop policies to apply the principles of Integrated Pest Management (IPM). This includes informing the Board of modifications and additions to the prevention strategy and schedule of regular cleaning and maintenance; regular monitoring to detect problems early; choosing the most effective options with the least risk to people and the environment; using biological methods that will result in long-term solutions; and minimizing the use of pesticides and insecticides. The Contractor is to provide the Standard Landscape Services described in this Agreement but is to alert the Board of all effective alternatives to chemical applications available. Control and/or elimination of, but not limited to, Canada thistle, musk thistle, scotch thistle and knapweed is of particular concern and shall be included with the IPM.
  - a) <u>Weed Control.</u> Irrigated turf was previously treated with a broad-spectrum broadleaf herbicide. Contractor shall apply follow-up spot application of herbicide as required. Prior to such application, the Contractor shall submit the proposed herbicide to the District for approval. The Contractor shall perform manual removal of weeds as needed.

Herbicide spraying in non-irrigated areas is performed by a separate Contractor and is not a service covered hereunder.

3.7 Irrigation System Operation and Maintenance. The Contractor will provide one (1) on-site Maintenance Technician on the Property to monitor and check the irrigation system, as well as make all repairs for twenty (20) hours a week during the term hereof. The Maintenance Technician's main duty will be to check the operation of each sprinkler zone on a weekly basis, to verify that all control valves and heads are functioning properly and that there are no leaks or other conditions, which may require repair, to make adjustments, and clean nozzles as described in paragraph 3.7 (b). All controller enclosures shall be opened and visually inspected. The Technician is also responsible for making all repairs and control system adjustments.

The Contract price includes all twenty (20) hours of weekly maintenance services. Contractor agrees that the irrigation hours provided by Contractor, up to eighty (80) hours per month, will be applied by Contactor to any irrigation work performed for the District. Once all irrigation hours have been applied, additional irrigation hours shall be billed in accordance with **Exhibit D** and submitted to District for approval in accordance with the terms of this agreement. If any of the eighty (80) hours per month remain unused at the end of the month under the terms of this agreement, Contractor will credit the District any remaining hours on the next and subsequent work orders submitted for irrigation services. Contractor and District intend that District shall receive the benefit of all eighty (80) hours per month whether or not such benefit is realized within the month of service, or within subsequent months.

# ROXBOROUGH VILLAGE METROPOLITAN DISTRICT Director's Acknowledgement of Statutory Duties Regarding Conflicts of Interest

As a Director of the Roxborough Village Metropolitan District, a quasi-municipal corporation and political subdivision of the state of Colorado (the "District"), you acknowledge that the holding of a public office is a position of "public trust" and that you must carry out your duties for the benefit of the District's constituents and not for your own self-interest. You further agree to comply with the following statutory code of ethics:

#### **Required Disclosures**

Any Director shall disqualify himself/herself from voting on any issue in which he/she has a conflict of interest, unless such Director has disclosed the conflict of interest as required by law to the Secretary of State and to the Board, §32-1-902(3)(b), C.R.S., and then only to vote if his/her participation is necessary to obtain a quorum or otherwise enable the Board to act. §24-18-109(3)(b), C.R.S.

A Director with a conflict who does not vote shall also refrain from attempting to influence the decisions of other members of the Board in voting on the matter. §24-18-109(3)(a), C.R.S.

A Director is guilty of failing to disclose a conflict of interest if he/ she exercises any substantial discretionary function in connection with a government contract without having given 72 hours actual advance written notice to the Secretary of State and to the District Board of the existence of a known potential conflicting interest. §18-8-308(1), C.R.S. Failure to disclose a conflict of interest is a class 2 misdemeanor. §18-8-308(3), C.R.S

#### **Acts Constituting a Conflict of Interest**

A potential conflict of interest exists when the Director is an executive officer or owns or controls, directly or indirectly, a substantial interest in any nongovernmental entity participating in the transaction. §18-8-308(2), C.R.S.

A District Board member, as a local government official (elected or appointed), or a District employee, shall not:

- 1. Disclose or use confidential information acquired in the course of his/her official duties in order to further his/her personal financial interests.
- 2. Accept gifts of substantial value or of substantial economic benefit tantamount to a gift of substantial value, which would tend to improperly influence a "reasonable person" in his/her public position to depart from the faithful and impartial discharge of his/her public duties or which he/she knows or which a reasonable person in his/her position should know under the circumstances is primarily for the purpose of rewarding him/her for official action he/she has taken.
- 3. Engage in a substantial financial transaction for his/her private business purposes with a person whom he/she inspects or supervises in the course of his/her official duties.

- 4. Perform an official act directly and substantially affecting to its economic benefit, a business or other undertaking in which he/she either has a substantial financial interest or is engaged as counsel, consultant, representative, or agent.
- 5. Be financially interested in any contract made in his/her official capacity or by any body, agency, or Board of which he/she is a member or employee.
- 6. Be a purchaser at any sale or vendor at any purchase made by him/her in his/her official capacity. §\$24-18-104, 24-18-109, 24-18-201, and 24-18-202, C.R.S.

## **Exceptions**

The following exceptions exist which are not considered to be conflicts of interest:

- 1. A Director holding a minority interest in a corporation contracting with the District is not considered "interested" in such contract. §24-18-201(1)(a), C.R.S.;
- 2. Contracts in which the Director has disclosed a personal interest and has not voted thereon; and
- 3. A Director may vote, notwithstanding any other prohibition, if participation is necessary to obtain a quorum or otherwise enable the Board to act, and if the Director complies with voluntary disclosure procedures. §24-18-109(3)(b), C.R.S.

#### **Guidelines of Ethical Principles:**

The following principles are intended as guides to conduct; they do not constitute violations of the public trust or employment in local government unless circumstances would otherwise so indicate:

- 1. A local government official or employee should not acquire or hold an interest in any business or undertaking which he/she has reason to believe may be directly and substantially affected to its economic benefit by official action to be taken by the local government agency over which he/she has substantive authority.
- 2. A local government official or employee should not, within six months following the termination of his/her office or employment, obtain employment in which he/she will take direct advantage, unavailable to others, of matters with which he/she was directly involved during his/her term of employment.
- 3. A local government official or employee should not perform an official act directly and substantially affecting a business or other undertaking to its economic detriment when he/she has a substantial financial interest in a competing firm or undertaking. §24-18-105(4), C.R.S.

## **Consequences for Failure to Disclose Potential Conflict of Interest**

Failing to disclose a potential conflict of interest is a criminal misdemeanor and could result in prosecution. §18-8-308(3), C.R.S.

Any contract, vote, or other official act in which a Director had a potential conflict, not cured by disclosure, may result in the act or contract being voided.

The undersigned, as a Director of Roxborough Village Metropolitan District, hereby acknowledges the foregoing Statutory Duties Regarding Conflicts of Interest and agrees to act in accordance therewith. The undersigned has no current Conflicts of Interest as of the date hereof. The undersigned agrees to immediately notify the District legal counsel of any conflicts that arise in the future for the undersigned Director.
